

11TH ANNUAL
Latino Community Donor Awards

DECEMBER 5, 2008

Established in 1998 by *Latinos in Development* (LID) and *Chicago Latinos in Philanthropy* (CLIP), the Latino Community Donor Awards (LCDA) honor Latinos/as who make personal financial contributions to nonprofit organizations and/or causes that serve Latino communities located throughout the Chicago metropolitan area. In addition, the LCDA seeks to honor those who have established tax-exempt philanthropic entities through which their contributions, and those of others, are directed to similar causes. In recognizing these donors, the LCDA celebrates and promotes the philanthropic character and practice of, by, and for Latino communities. Today, the LCDA is a LID initiative and the only known initiative of its kind in the United States.
